APPLICATION OF

VIRGINIA ELECTRIC AND POWER COMPANY

CASE NO. PUR-2020-00198

For approval and certification of electric transmission
facilities: Partial Line #2010 230 kV Single Circuit
Transmission Line Underground Pilot Project
(Tysons-Future Spring Hill Substation)

ORDER FOR NOTICE AND HEARING

On September 29, 2020, Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion" or "Company") filed with the State Corporation Commission ("Commission") an application for approval and certification of electric transmission facilities ("Application") in Fairfax County, Virginia. Dominion filed its Application pursuant to § 56-585.1:5 and § 56-46.1 of the Code of Virginia ("Code") and the Utility Facilities Act, Code § 56-265.1 *et seq.* Through its Application, the Company proposes:

- (a) to remove an approximate 0.56 mile segment of its existing overhead 230 kilovolt ("kV") Reston-Tysons Line #2010 from the Tysons Substation to just south of the site for the future Spring Hill Substation and to relocate and replace the line underground;
- (b) to complete work at the Tysons Substation to allow this segment of Line #2010 to be relocated underground; and
- (c) to construct a transition pole just south of the future Spring Hill Substation to transition Line #2010 from an underground line to an overhead line (collectively, "Project").¹

Dominion states that the Project is necessary to support economic development priorities of the Commonwealth, including the economic development priorities and the Comprehensive

Plan of Fairfax County, Virginia.² The Company requests that the Project be approved by the Commission as a project that qualifies as a line to be placed underground, in part, because the Project meets all of the statutory requirements set forth in Code § 56-585.1:5 D for the Underground Pilot Program.³ Dominion represents that pursuant to Code § 56-585.1:5 D, Fairfax County has adopted a resolution in support of the Project and requested that the Company relocate and convert a portion of Transmission Line #2010 between the Tysons Substation and the future Spring Hill Substation from overhead to underground to facilitate the construction of a large planned mixed-use development, named "The View," that supports the economic development priorities and Comprehensive Plan of Fairfax County.⁴

The Company states that the desired in-service date for this project is December 31, 2025.⁵ The Company represents that the estimated conceptual cost of the Project (in 2020 dollars) is approximately \$30.4 million, which includes approximately \$22.6 million for underground transmission line-related work, approximately \$0.70 million for overhead transmission line-related work, and approximately \$7.10 million for substation-related work.⁶

As provided by Code § 62.1-44.15:21 D 2, the Commission and the State Water Control Board ("Board") must consult on wetland impacts prior to the siting of electric utility facilities

that require a certificate of public convenience and necessity. Acting on behalf of the Board, the Department of Environmental Quality ("DEQ") must prepare a Wetland Impacts Consultation on this Application, as required by the Code and Sections 2 and 3 of the Department of Environmental Quality - State Corporation Commission Memorandum of Agreement Regarding Consultation on Wetland Impacts.⁷ The Staff of the Commission ("Staff") has requested the Office of Wetlands & Stream Protection at the DEQ to provide a Wetland Impacts Consultation for the Project.⁸

As provided by Code §§ 10.1-1186.2:1 B and 56-46.1 A, the Commission and the DEQ must coordinate reviews of the environmental impact of electric generating plants and associated facilities. Pursuant to the Code and consistent with the Department of Environmental Quality - State Corporation Commission Memorandum of Agreement Regarding Coordination of Reviews of the Environmental Impacts of Proposed Electric Generating Plants and Associated Facilities (August 2002),⁹ the Commission receives and considers reports on the proposed facilities from state environmental agencies. The Staff has requested the DEQ to coordinate an environmental review of this Application by the appropriate agencies and to provide a report on the review.¹⁰

NOW THE COMMISSION, upon consideration of the Application and applicable statutes, finds that: this matter should be docketed; Dominion should give notice of its Application to interested persons and the public; public hearings should be scheduled for the purpose of receiving testimony and evidence on the Application as well as public witness testimony; interested persons should have an opportunity to file comments on the Application or participate as a respondent in this proceeding; and the Staff should be directed to investigate the Application and file testimony and exhibits containing its findings and recommendations thereon. Finally, we find that this matter should be assigned to a Hearing Examiner to conduct all further proceedings in this matter on behalf of the Commission.

The Commission further takes judicial notice of the ongoing public health emergency related to the spread of the coronavirus, or COVID-19, and the declarations of emergency issued at both the state and federal levels.¹¹ The Commission has taken certain actions, and may take additional actions going forward, that could impact the procedures in this proceeding.¹²

Consistent with these actions, in regard to the terms of the procedural framework established below, the Commission will, among other things, direct the electronic filing of testimony and pleadings, unless they contain confidential information, and require electronic service on parties to this proceeding.

Accordingly, IT IS ORDERED THAT:

(1) This matter is docketed and assigned Case No. PUR-2020-00198.

(2) All pleadings in this matter shall be submitted electronically to the extent authorized by Rule 5 VAC 5-20-150, *Copies and format*, of the Commission's Rules of Practice and Procedure ("Rules of Practice").¹³ Confidential and Extraordinarily Sensitive information shall not be submitted electronically and should comply with 5 VAC 5-20-170, *Confidential information*. For the duration of the COVID-19 emergency, any person seeking to hand deliver and physically file or submit any pleading or other document shall contact the Clerk's Office Document Control Center at (804) 371-9838 to arrange the delivery.¹⁴

(3) Pursuant to 5 VAC 5-20-140, *Filing and service*, of the Commission's Rules of Practice, the Commission directs that service on parties and the Staff in this matter shall be accomplished by electronic means. Concerning Confidential or Extraordinarily Sensitive Information, parties and the Staff are instructed to work together to agree upon the manner in which documents containing such information shall be served upon one another, to the extent practicable, in an electronically protected manner, even if such information is unable to be filed in the Office of the Clerk, so that no party or the Staff is impeded from preparing its case.

¹³ 5 VAC 5-20-10 *et seq.*

¹⁴ As noted in the Revised Operating Procedures Order, submissions to the Commission's Clerk's Office via U.S. mail or commercial mail equivalents may not be processed for an indefinite period of time due to the COVID-19 emergency.

(4) As provided by § 12.1-31 of the Code and 5 VAC 5-20-120, *Procedure before hearing examiners*, of the Commission's Rules of Practice, a Hearing Examiner is appointed to conduct all further proceedings in this matter on behalf of the Commission and to file a final report.

(5) Due to the ongoing public health emergency related to the spread of the coronavirus, or COVID-19, the Commission hereby schedules a telephonic hearing for the receipt of testimony from public witnesses on the Project, as follows:

- (a) A hearing for the receipt of testimony from public witnesses on the Project shall be convened telephonically at 10 a.m. on March 31, 2021, with no witness present in the Commission's courtroom.¹⁵
- (b) To promote fairness for all public witnesses, each witness will be allotted five minutes to provide testimony.
- (c) On or before March 29, 2021, any person desiring to offer testimony as a public witness shall provide to the Commission (a) your name, and (b) the telephone number that you wish the Commission to call during the hearing to receive your testimony. This information may be provided to the Commission in three ways: (i) by filling out a form on the Commission's website at scc.virginia.gov/pages/Webcasting; (ii) by completing and emailing the PDF version of this form to SCCInfo@scc.virginia.gov; or (iii) by calling (804) 371-9141.
- (d) Beginning at 10 a.m. on March 31, 2021, the Commission will telephone sequentially each person who has signed up to testify as provided above. This hearing will not be convened, and the parties will be notified of such, if no person signs up to testify as a public witness.
- (e) This public witness hearing will be webcast at scc.virginia.gov/pages/Webcasting.

(6) A hearing on the Project shall be convened at 10 a.m. on April 1, 2021, either in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, or by electronic means, to receive testimony and evidence offered by

Interested persons also may download unofficial copies from the Commission's website: scc.virginia.gov/pages/Case-Information.

(8) On or before November 24, 2020, the Company shall cause to be sent by first class mail a copy of the notice and sketch map prescribed in Ordering Paragraph (9) to all owners of property within the route of the proposed line, as of the date of this Order and as indicated on the map or sketch of the route filed with the Commission, which requirement shall be satisfied by mailing to such persons at such addresses as are indicated in the land books maintained by the commissioner of revenue, director of finance, treasurer, or other officer of the county or municipality designated as provided by Code § 58.1-3100 *et seq.*

(9) On or before November 24, 2020, the Company shall publish on one occasion in two (2) successive weeks the sketch map of the proposed route, as shown on page 196 of the Appendix to the Application, and the following notice as display advertising (not classified) in a newspapers of general circulation throughout the Company's service territory in Virginia, including Fairfax County:

NOTICE TO THE PUBLIC OF AN APPLICATION BY
VIRGINIA ELECTRIC AND POWER COMPANY
FOR APPROVAL AND CERTIFICATION OF ELECTRIC
TRANSMISSION FACILITIES:

PARTIAL LINE #2010 230 KV SINGLE CIRCUIT
TRANSMISSION LINE UNDERGROUND PILOT PROJECT
(TYSONS-FUTURE SPRING HILL SUBSTATION)
CASE NO. PUR-2020-00198

On September 29, 2020, Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion" or "Company") filed with the State Corporation Commission ("Commission") an application for approval and certification of electric transmission facilities ("Application") in Fairfax County, Virginia. Dominion filed its Application pursuant to § 56-585.1:5 and § 56-46.1 of the Code of Virginia ("Code") and the Utility Facilities Act, Code § 56-265.1 et seq. Through its Application, the Company proposes:

- (1) to remove an approximate 0.56 mile segment of its existing overhead 230 kilovolt ("kV") Reston-Tysons Line #2010 from the Tysons Substation to just south of the site for the future Spring Hill Substation and to relocate and replace the line underground;
- (2) to complete work at the Tysons Substation to allow this segment of Line #2010 to be relocated underground; and
- (3) to construct a transition pole just south of the future Spring Hill Substation to transition Line #2010 from an underground line to an overhead line (collectively, "Project").

Dominion states that the Project is necessary to support economic development priorities of the Commonwealth, including the economic development priorities and the Comprehensive Plan of Fairfax County, Virginia. The Company requests that the Project be approved by the Commission as a project that qualifies as a line to be placed underground, in part, because the Project meets all of the statutory requirements set forth in Code § 56-585.1:5 D for the Underground Pilot Program. Dominion represents that pursuant to Code § 56-585.1:5 D, Fairfax County has adopted a resolution in support of the Project and requested that the Company relocate and convert a portion of Transmission Line #2010 between the Tysons Substation and the future Spring Hill Substation from overhead to underground to facilitate the construction of a large planned mixed-use development, named "The View," that supports the economic development priorities and Comprehensive Plan of Fairfax County.

The Company states that the desired in-service date for this project is December 31, 2025. The Company represents that the estimated conceptual cost of the Project (in 2020 dollars) is approximately \$30.4 million, which includes approximately \$22.6 million for underground transmission line-related work, approximately \$0.70 million for overhead transmission line-related work, and approximately \$7.10 million for substation-related work.

The Proposed Route consists of approximately 0.58 mile of variable width right-of-way along existing Line #2010 between Tysons Substation and just south of the future Spring Hill Substation site. It largely will be on existing Company owned right-of-way and deviates for approximately 0.10 mile to accommodate the future site of The View development. The Line will exit the existing Tysons Substation across Tyco Road via VDOT permit and continue southwest for approximately 0.20 mile on existing 42-foot right-of-way. Temporary construction easements will be needed along this segment as will a VDOT permit. At this point, the Line will depart from the existing right-of-way and turn south within a private service road for approximately 0.05 mile on a newly acquired 30-foot easement until it reaches Spring Hill Road (Route 684). Temporary construction easement will be required along this segment. At Spring Hill Road, the Line will turn west within Spring Hill Road for approximately 0.05 mile via a VDOT permit until it reaches Leesburg Pike (Route 7). These two 0.05 mile sections of the Line are being relocated outside of the existing right-of-way to accommodate The View, a future development. At Leesburg Pike, the Line turns southwest crossing under the elevated Metro Train Line and crossing Leesburg Pike via a VDOT permit for approximately 0.05 mile and then continues on existing 42-foot right-of-way for approximately 0.14 mile where it turns southeast and goes around the east side of the future Spring Hill Substation site within existing easement and the future Substation parcel. Temporary construction easements will be required along this segment. Just south of the future Spring Hill Substation parcel, the Line continues on existing 42-foot right-of-way to terminate at a Transition Pole.

For purposes of this Project, the Company intends to build a Transition Pole just south of the location where the Company plans to construct the future Spring Hill Substation. The Transition Pole will be approximately 140 feet tall, subject to final engineering. The Company also intends to replace the existing Structure #2010/12 located south of the future Spring Hill Substation and the Transition Pole. The existing approximately

61-foot Structure #2010/12 will be replaced with an approximately 90-foot structure, subject to final engineering.

All distances, heights, and directions are approximate. A sketch map of the proposal accompanies this notice. A more detailed map may be viewed on the Commission's website: scc.virginia.gov/pages/Transmission-Line-Projects.

The Commission may consider a route not significantly different from the routes described in this notice without additional notice to the public.

A more complete description of the Project may be found in the Company's Application.

The Commission entered an Order for Notice and Hearing in this proceeding that, among other things, scheduled public hearings on Dominion's Application. On March 31, 2021, at 10 a.m., the Commission will hold a telephonic hearing, with no witness present in the Commission's courtroom, for the purpose of receiving the testimony of public witnesses. On March 29, 2021, any person desiring to offer testimony as a public witness shall provide to the Commission (a) your name, and (b) the telephone number that you wish the Commission to call during the hearing to receive your testimony. This information may be provided to the Commission in three ways: (i) by filling out a form on the Commission's website at scc.virginia.gov/pages/Webcasting; (ii) by completing and emailing the PDF version of this form to SCCInfo@scc.virginia.gov; or (iii) by calling (804) 371-9141. This public witness hearing will be webcast at scc.virginia.gov/pages/Webcasting.

On April 1, 2021, at 10 a.m., either in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, or by electronic means, the Commission will convene a hearing to receive testimony and evidence related to the Application from the Company, any respondents, and the Commission's Staff. Further details on this hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.

Electronic copies of the Application and other supporting materials, including a video depiction of the route, may be inspected at: <http://www.dominionenergy.com/springhill>. An electronic copy of the Company's Application also may be obtained by submitting a written request to counsel for the

Any person or entity may participate as a respondent in this proceeding by filing, on or before December 29, 2020, a notice of participation. Notices of participation shall include the email addresses of the party or its counsel. The respondent simultaneously shall serve a copy of the notice of participation on counsel to the Company. Pursuant to 5 VAC 5-20-80 B, *Participation as a respondent*, of the Commission's Rules of Practice and Procedure ("Rules of Practice"), any notice of participation shall set forth: (i) a precise statement of the interest of the respondent; (ii) a statement of the specific action sought to the extent then known; and (iii) the factual and legal basis for the action. Any organization, corporation, or government body participating as a respondent must be represented by counsel as required by 5 VAC 5-20-30, *Counsel*, of the Rules of Practice. All filings shall refer to Case No. PUR-2020-00198. For additional information about participation as a respondent, any person or entity should obtain a copy of the Commission's Order for Notice and Hearing.

On or before March 26, 2021, any interested person may file comments on the Application by following the instructions found on the Commission's website: scc.virginia.gov/casecomments/Submit-Public-Comments. All such comments shall refer to Case No. PUR-2020-00198.

Any documents filed in paper form with the Office of the Clerk of the Commission in this docket may use both sides of the paper. In all other respects, except as modified by the Commission's Order for Notice and Hearing, all filings shall comply fully with the requirements of 5 VAC 5-20-150, *Copies and format*, of the Commission's Rules of Practice.
